supervisor to advise the executive director as to whether the employees should remain in their positions.

Chapter 9. Procurement

Sec. 1. A district shall comply with IC 5-16-7 (common construction wage), IC 5-22 (public purchasing), IC 36-1-12 (public work projects), and any applicable federal bidding statutes and regulations.

Sec. 2. An entity that receives a loan, a grant, or other financial assistance from a district or enters into a lease with a district must comply with applicable federal, state, and local public purchasing and bidding laws and regulations. However, a purchasing agency (as defined in IC 5-22-2-25) of a political subdivision may:

- (1) assign or sell a lease for property to a district; or**
- (2) enter into a lease for property with a district;**

at any price and under any other terms and conditions as may be determined by the entity and the district. However, before making an assignment or a sale of a lease or entering into a lease under this section that would otherwise be subject to IC 5-22, the political subdivision or its purchasing agent must obtain or cause to be obtained a purchase price for the property to be subject to the lease from the lowest responsible and responsive bidder in accordance with the requirements for the purchase of supplies under IC 5-22.

Sec. 3. Except where 49 CFR Part 26 applies, the district shall set a goal for participation by minority business enterprises and women's business enterprises. The goals must be consistent with:

If a district is unable to agree with the owners, lessees, or occupants of any real property selected for the purposes of this article, the district may proceed under IC 32-24-1 to procure the condemnation of the property. The district may not institute a proceeding until it has adopted a resolution that:

- (1) describes the real property sought to be acquired and the public purposes for which the real property is to be used;**
- (2) declares that the public interest and necessity require the acquisition by the district of the property involved; and**
- (3) sets out any other facts that the district considers necessary or pertinent.**

1 The resolution is conclusive evidence of the public necessity of the
2 proposed acquisition.

3 **Chapter 10. Planning**

4 **Sec. 1. After reviewing the transportation plans of the Indiana**
5 **department of transportation and regional and other planning**
6 **agencies, a district shall develop, continuously update, and**
7 **implement long range comprehensive transportation plans to**
8 **ensure the orderly development and maintenance of an efficient**
9 **system of public transportation in the district. The plan must be**
10 **approved by the board. The district shall periodically amend and**
11 **update the plan as appropriate.**

12 **Sec. 2. The plan must identify goals and objectives with respect**
13 **to the following:**

14 (1) **Increasing ridership and passenger miles on public**
15 **transportation funded by the district.**

16 (2) **Coordination of public transportation services and the**
17 **investment in public transportation facilities to enhance the**
18 **integration of public transportation throughout the district**
19 **territory.**

20 (3) **Coordination of fare and transfer policies to promote**
21 **transfers by riders among service boards, public**
22 **transportation agencies, and public transportation modes,**
23 **which may include goals and objectives for development of a**
24 **universal fare instrument that riders may use interchangeably**
25 **on all public transportation funded by the district, and**
26 **methods to be used to allocate revenues from transfers.**

27 (4) **Improvements in public transportation facilities to bring**
28 **those facilities into a state of good repair, enhancements that**
29 **attract ridership and improve customer service, and**
30 **expansions needed to serve areas with sufficient demand for**
31 **public transportation.**

32 (5) **Access for transit dependent populations, including access**
33 **by low income communities to places of employment, using**
34 **analyses provided by the department of workforce**
35 **development and other planning agencies regarding**
36 **employment and transportation availability, and giving**
37 **consideration to the location of employment centers in each**
38 **county and the availability of public transportation at off**
39 **peak hours and on weekends.**

40 (6) **The financial viability of the public transportation system,**
41 **including both operating and capital programs.**

42 (7) **Limiting road congestion within the district territory and**

enhancing transit options to improve mobility.

(8) Other goals and objectives that advance the policy of the state to provide adequate, efficient, and coordinated public transportation in the district territory.

Sec. 3. The plan must establish the process and criteria by which proposals for capital improvements by a service board will be evaluated by the district for inclusion in the five (5) year capital program. The plan may include criteria for the following:

(1) Allocating funds among maintenance, enhancement, and expansion improvements.

(2) Projects to be funded from the innovation, coordination, and enhancement fund.

(3) Projects intended to improve or enhance ridership or customer service.

(4) Design and location of station or transit improvements intended to promote transfers, increase ridership, and support transit oriented land development.

(5) Assessing the impact of projects on the ability to operate and maintain the existing transit system.

(6) Other criteria that advance the goals and objectives of the plan.

Sec. 4. The plan must establish performance standards and measurements regarding the adequacy, efficiency, and coordination of public transportation services in the region and the implementation of the goals and objectives in the plan. At a minimum, the standards and measures must include customer-related performance data measured by line, route, or subregion, as determined by the district, on the following:

(1) Travel times and on time performance.

(2) Ridership data.

(3) Equipment failure rates.

(4) Employee and customer safety.

capital, and the resources needed to achieve the goals and objectives described in the plan.

Sec. 6. The district may adopt subregional or corridor plans for specific geographic areas of the district territory to improve the adequacy, efficiency, and coordination of existing, or the delivery of new, public transportation. The plans may also address areas outside the district territory that may affect public transportation use in the district territory. In preparing a sub-regional or corridor plan, the district may identify changes in operating practices or capital investment in the subregion or corridor that could increase ridership, reduce costs, improve coordination, or enhance transit oriented development. The district shall consult with any affected service boards in the preparation of any subregional or corridor plans.

Sec. 7. The district shall annually establish a capital improvement plan to govern the distribution of grants to each service division. The capital improvement plan shall cover at least a five (5) year period and incorporate information concerning the capital improvement plans of the service divisions.

Sec. 8. Each service division shall provide the district with the information that the district determined necessary to prepare the plans required by this chapter.

Sec. 9. The district and the service boards shall cooperate with the various public agencies charged with responsibility for long range or comprehensive planning for the district territory. The district shall, before the adoption of any plan under this chapter, submit its proposals to these agencies for review and comment. The district and the service boards may make use of existing studies, surveys, plans, data, and other materials in the possession of any state agency or department, any planning agency, or any unit of local government.

Sec. 10. The district shall, not later than January 1 of the second year following the year in which the district is established, submit the plans for review by the budget committee.

In making acquisitions from a transportation agency, the district may assume the obligations of the agency regarding its property or public transportation operations.

Sec. 3. The district, at the request of a service division, or a service division may acquire, improve, maintain, lease, and rent facilities, including air rights, that are within one hundred (100) yards of a terminal, station, or other facility of the district. If these facilities generate revenues that exceed their cost to the district, the district must use the excess revenues to improve transportation services or reduce fares for the public.

Chapter 12. Operation of Public Transportation Facilities

Sec. 1. The powers granted under this chapter supplement any other powers granted by another law.

Sec. 2. The district, at the request of a service division, or a service division may provide public transportation service by operating public transportation facilities.

Sec. 3. The district, at the request of a service division, or a service division may enter into operating agreements with any private or public person to operate transportation facilities on behalf of a service division.

Sec. 4. Whenever the district provides any public transportation service by operating public transportation facilities, it shall establish the level and nature of fares or charges to be made for public transportation services, and the nature and standards of public transportation service to be provided within the jurisdiction of the district.

Sec. 5. The board shall, to the extent it considers feasible, adopt uniform standards for the making of grants and purchase of service agreements. These grant contracts or purchase of service agreements may be for the number of years or duration agreed to by the district and the transportation agency.

Sec. 6. If the district provides grants for operating expenses or

participates in any purchase of service agreement, the purchase of service agreement or grant contract must state the level and nature of fares or charges to be made for public transportation services, and the nature and standards of public transportation to be so provided. In addition, any purchase of service agreements or grant contracts must provide, among other matters, for:

- (1) the terms or cost of transfers or interconnections between different public transportation agencies;
- (2) schedules or routes of transportation service;
- (3) changes that may be made in transportation service;
- (4) the nature and condition of the facilities used in providing service;
- (5) the manner of collection and disposition of fares or charges;
- (6) the records and reports to be kept and made concerning transportation service; and
- (7) interchangeable tickets or other coordinated or uniform methods of collection of charges.

Chapter 13. Centralized Services and Coordination of Programs

Sec. 1. The district may designate a service board to serve as a centralized purchasing agent for that service board.

Sec. 2. The district may perform other centralized services such as ridership information and transfers between services under the jurisdiction of a service board if the centralized services financially benefit the district as a whole.

Sec. 3. A service board or the district may for the benefit of a service board, to meet its purposes, construct or acquire any public transportation facility for use by a service board or for use by any transportation agency and may acquire any facilities from any transportation agency, including also without limitation any reserve funds, employees' pension or retirement funds, special funds, franchises, licenses, patents, permits, papers, documents, and records of the agency. In connection with any acquisition from a transportation agency, the district may assume obligations of the transportation agency with regard to the facilities or property or public transportation operations of the agency.

Sec. 4. In connection with any construction or acquisition, the district shall make relocation payments as may be required by federal law or by the requirements of any federal agency authorized to administer any federal program of aid.

Sec. 5. The district shall, after consulting with the service boards, develop regionally coordinated and consolidated sales,

1 marketing, advertising, and public information programs that
 2 promote the use and coordination of, and transfers among, public
 3 transportation services in the district territory. The district shall
 4 develop and adopt rules and guidelines for the district and the
 5 service boards regarding the programs to ensure that the service
 6 boards' independent programs conform with the district's regional
 7 programs.

8 Sec. 6. To provide or assist any transportation of members of
 9 the general public between points in the district territory and
 10 points outside the district territory, whether in Indiana, Michigan,
 11 or Illinois, the district may at the request and for the benefit of a
 12 service board, by ordinance, enter into agreements with any unit
 13 of local government, individual, corporation, or other person or
 14 public agency in or of any state or with any private entity for
 15 service. The agreements may provide for participation by a service
 16 board in providing the service and for grants by a service board in
 17 connection with the service, and may, subject to federal and State
 18 law, set forth any terms relating to the service, including
 19 coordinating the service with public transportation in the district
 20 territory. The agreement may be for the number of years or
 21 duration as the parties may agree. In regard to the agreements or
 22 grants, a service board shall consider the benefit to the district
 23 territory and the financial contribution with regard to the service
 24 made or to be made from public funds in the areas served outside
 25 the district territory.

26 Sec. 7. Upon the request of a service board, the district may
 27 intervene in any matter involving:

28 (1) a dispute between the two (2) service boards or a service
 29 board and any transportation agency providing service on
 30 behalf of a service board with respect to the terms of transfer
 31 between, and the allocation of revenues from fares and
 32 charges for, or transportation services provided by the
 33 parties; or

34 (2) a dispute between the two (2) service boards with respect
 35 to coordination of service, route duplication, or a change in
 36 service.

37 Any service board or transportation agency involved in the dispute
 38 shall meet with the executive director, cooperate in good faith to
 39 attempt to resolve the dispute, and provide any books, records, and
 40 other information requested by the executive director. If the
 41 executive director is unable to mediate a resolution of any dispute,
 42 the executive director may provide a written determination

recommending a change in the fares or charges or the allocation of revenues for the service or directing a change in the nature or provider of service that is the subject of the dispute. The executive director shall base the determination upon the goals and objectives of the district's plan. The determination shall be presented to the district board for a final determination. The final determination shall be implemented by any affected service board within the time frame required by the determination.

Chapter 14. Bonds

Chapter 15. Leases and Agreements With Public Transportation Agencies

Sec. 1. (a) Before a lease may be entered into by the district and a service division, the board and the service board for the service division must find that the lease rental provided for is fair and reasonable.

(b) A lease of land or a project from the district to a service

1 **division:**

- 2 (1) may not have a term exceeding twenty-five (25) years;
- 3 (2) may not require payment of lease rentals for a newly
- 4 constructed project or for improvements to an existing
- 5 project until the project or improvements to the project have
- 6 been completed and are ready for occupancy or use;
- 7 (3) may contain provisions:
- 8 (A) allowing the service division to continue to operate an
- 9 existing project until completion of the acquisition,
- 10 improvements, reconstruction, or renovation of that
- 11 project or any other project; and
- 12 (B) requiring payment of lease rentals for land, for an
- 13 existing project being used, reconstructed, or renovated, or
- 14 for any other existing project;
- 15 (4) may contain an option to renew the lease for the same or
- 16 a shorter term on the conditions provided in the lease;
- 17 (5) must contain an option for the service division to purchase
- 18 the project upon the terms stated in the lease during the term
- 19 of the lease for a price equal to the amount required to pay all

- 31 any funds available to the service division before the
- 32 commencement of the lease to secure the performance of
- 33 the service division's obligations under the lease; and
- 34 (8) must provide that the lease rental payments by the service
- 35 division shall be made from the district and may provide that
- 36 the lease rental payments by the service division shall be made
- 37 from:
- 38 (A) net revenues of the project;
- 39 (B) any other funds available to the service division; or
- 40 (C) both sources described in clauses (A) and (B).

41 **Sec. 2. This article contains full and complete authority for**

42 **leases between the district and a service division. No law,**

1 procedure, proceedings, publications, notices, consents, approvals,
 2 orders, or acts by a district or the service division or any other
 3 officer, department, agency, or instrumentality of the state or any
 4 political subdivision is required to enter into any lease, except as
 5 prescribed in this article.

6 Sec. 3. If a lease provides for a project or improvements to a
 7 project to be constructed by the district, the plans and
 8 specifications shall be submitted to and approved by all state
 9 agencies designated by law to pass on plans and specifications for
 10 public buildings.

11 Sec. 4. A district and a service division or two (2) service
 12 divisions may enter into common wall (party wall) agreements or
 13 other agreements concerning easements or licenses. These
 14 agreements shall be recorded with the recorder of the county in
 15 which the project is located.

16 Sec. 5. (a) A service division may lease for a nominal lease
 17 rental, or sell to a district, one (1) or more projects or parts of a
 18 project or land on which a project is located or is to be constructed.

19 (b) Any lease of all or a part of a project by or to a district must
 20 be for a term equal to the term of the lease of that project back to
 21 the service division.

22 (c) A service division may sell property to a district for the
 23 amount the eligible political subdivision determines to be in the
 24 best interest of the service division. The district may pay that
 25 amount from the proceeds of bonds of the district.

26 Chapter 16. Distributions; Grants

27 Sec. 1. The district shall use the money received by the district
 28 for the capital and operating expenses of the district and the
 29 district's service divisions.

30 Sec. 2. Excluding any amount restricted to a particular use by
 31 law or the grantor, the district shall allocate the amounts received
 32 by the district between:

33 (1) the capital expenses and operation cost of the district's
 34 commuter service division; and

35 (2) the capital expenses and operation cost of the district's bus
 36 service division.

37 Sec. 3. A distribution received by a service division from the
 38 district must be used in accordance with the district's
 39 transportation plan.

40 Chapter 17. Regional Transportation Improvement Income Tax

41 Sec. 1. An improvement tax may be imposed on the adjusted
 42 gross income of county taxpayers by the board. To impose the

1 improvement tax, the board must first request a determination of
2 the improvement tax rate that may be imposed in each county
3 under section 2 of this chapter.

4 Sec. 2. A county's improvement tax rate in a member county
5 may not exceed the lesser of twenty-five hundredths percent
6 (0.25%) or the rate for that member county as determined under
7 section 3 of this chapter.

8 Sec. 3. (a) If the board desires to impose the improvement tax,
9 the board must first make written findings concerning the
10 following:

11 (1) The value of the public transportation facilities of the
12 district and the service divisions that the board proposes to
13 put in service after December 31, 2009, and to be allocated to
14 each member county.

15 (2) The total amount of the capital needs of the district and
16 the service divisions for the five (5) year period beginning in
17 the year of the request, reduced by the amount of capital costs
18 that will be paid from sources other than the improvement
19 tax.

20 (3) The annual amount of capital costs that the board
21 proposes to be allocated to each member county for the five
22 (5) year period beginning in the year of the request, reduced
23 by the amount of capital costs that will be paid from sources
24 other than the improvement tax. In determining the amount
25 to propose for capital costs to be allocated to each member
26 county, the board shall allocate the capital costs according to
27 a formula established by the board that reflects the benefit
28 received by the county from the capital costs in facilitating
29 public transportation in the county and to and from the
30 county.

31 (4) The total amount of the operating needs of the district and
32 service districts for the five (5) year period beginning in the
33 year of the request, reduced by the amount of operating
34 expenses that will be paid from sources other than the
35 improvement tax.

36 (5) The annual amount of operating expenses that the board
37 proposes to be allocated to each member county for the five
38 (5) year period beginning in the year of the request, using the
39 total number of passengers and total miles traveled by
40 individuals using public transportation within each member
41 county that is provided by the district, reduced by the amount
42 of operating expenses that will be paid from sources other

1 **than the improvement tax.**

2 **(b) In determining capital and operating costs under subsection**
 3 **(a), the costs shall be allocated, as determined by the board, to the**
 4 **capital expenses and operation costs of the district's commuter rail**
 5 **service division and the district's bus service division.**

6 **(c) Based on the findings under subsection (a) and the required**
 7 **allocation under subsection (b), the board shall make a**
 8 **determination and certify to the department the improvement tax**
 9 **rate that will be necessary for each year of the five (5) year period**
 10 **in each member county to pay for both the annual capital costs and**
 11 **annual operating expenses that are allocated to that member**
 12 **county. The rate imposed in a member county must be sufficient to**
 13 **raise the annual capital costs and annual operating expenses**
 14 **allocated to the county.**

15 **(d) A determination under this section shall be made using the**
 16 **best information available. The budget agency shall assist the**
 17 **board in computing the appropriate tax rates for each member**
 18 **county.**

19 **(e) The board may adopt a resolution adjusting the tax rate in**
 20 **a member county if the rates are too low to pay for both the annual**
 21 **capital costs and annual operating expenses that are allocated to**
 22 **each member county.**

23 **(f) The budget agency may cause a new determination to be**
 24 **made if:**

- 25 **(1) the budget director finds that the actual annual capital**
 26 **costs and annual operating expenses are less than the**
 27 **improvement tax revenue for two (2) consecutive years such**
 28 **that the improvement tax rate could be reduced by at least**
 29 **five-hundredths percent (0.05%) for a member county; or**
 30 **(2) it has been more than three (3) years since the previous**
 31 **determination was made.**

32 **If a new determination under this subsection results in the**
 33 **improvement tax rate for each member county being at least**
 34 **five-hundredths percent (0.05%) less than the rate in effect in the**
 35 **year the new determination is made, the rate for each member**
 36 **county is reduced to the new rate without any action by the board.**
 37 **The new rate takes effect October 1 of the year of the new**
 38 **determination. The budget agency shall certify the new**
 39 **improvement tax rate to the board and the department.**

40 **Sec. 4. (a) To impose the improvement tax, the board must first**
 41 **publish a notice in each member county in accordance with**
 42 **IC 5-3-1. In addition to the requirements of IC 5-3-1, the notice**

1 **must include:**

2 (1) a clear and concise statement that the board will be
3 considering the imposition of the regional transportation
4 improvement tax at the meeting; and

5 (2) the content of the proposed resolution to impose the
6 improvement tax.

7 (b) To impose the improvement tax, the board must, after
8 **March 31 but before August 1 of a year, adopt a resolution. The**
9 **resolution to impose the tax must include the rate for each member**
10 **county and substantially state the following for each member**
11 **county:**

12 **"The Northern Indiana Regional Transportation District**
13 **imposes the regional transportation improvement tax on the**
14 **county taxpayers of _____ County. The improvement tax**
15 **is imposed at a rate of _____ percent (____%) of taxable**
16 **income. This tax takes effect October 1 of this year.".**

17 **Sec. 5. (a) The board may increase or decrease the improvement**
18 **tax rate imposed upon the county taxpayers in each member**
19 **county as long as the resulting rate does not exceed the rate**
20 **certified under section 3 of this chapter.**

21 (b) To increase the improvement tax rate, the board must first
22 publish a notice in each member county in accordance with
23 IC 5-3-1. In addition to the requirements of IC 5-3-1, the notice
24 must include the content of the proposed resolution to increase the
25 improvement tax rate.

26 (c) To decrease or increase the rate, the board must, after
27 **March 31 but before August 1 of a year, adopt a resolution. The**
28 **resolution to increase or decrease the tax must include the rate for**
29 **each member county and substantially state the following for each**
30 **member county:**

31 **"The Northern Indiana Regional Transportation District**
32 **increases (decreases) the regional transportation**
33 **improvement tax rate imposed upon the county taxpayers of**
34 **_____ County from _____ percent (____%)**
35 **to _____ percent (____%) of taxable income. This tax rate**
36 **increase (decrease) takes effect October 1 of this year.".**

37 **Sec. 6. (a) The improvement tax imposed under this chapter**
38 **remains in effect until rescinded.**

39 (b) The board may rescind the tax by adopting a resolution to
40 rescind the tax after March 31 but before August 1 of a year.

41 **Sec. 7. (a) Any resolution adopted under this chapter takes**
42 **effect October 1 of the year the resolution is adopted.**

(b) The secretary of the board shall record all votes taken on resolutions presented for a vote under the authority of this chapter and shall, not more than ten (10) days after the vote, send a certified copy of the results to the department and the budget director by certified mail.

Sec. 8. (a) A special account within the state general fund shall be established for the district. Any revenue derived from the imposition of the improvement tax shall be credited to the district's account in the state general fund.

(b) Any income earned on money credited to an account under subsection (a) becomes a part of that account.

(c) Any revenue credited to an account established under subsection (a) at the end of a fiscal year may not be credited to any other account in the state general fund.

Sec. 9. (a) Revenue derived from the imposition of the improvement tax shall be distributed to the treasurer of the board.

(b) Before August 2 of each calendar year, the budget agency shall certify to treasurer of the board the amount of improvement tax revenue that the department determines has been:

- (1) received for the district for the taxable year ending before the calendar year in which the determination is made; and
- (2) reported on an annual return or amended return processed by the department in the state fiscal year ending before July 1 of the calendar year in which the determination is made.

The amount shall be adjusted as provided in this section. The amount certified is the district's certified distribution for the following calendar year.

(c) The budget agency shall adjust the amount determined under subsection (b) for:

- (1) refunds of improvement tax made in the state fiscal year; and
- (2) the amount of interest in the district's special account that has been accrued but has not been included in a certification made in a preceding year.

(d) The budget agency shall certify an amount that is less than the amount determined under subsection (c) if the budget agency determines that the reduced distribution is necessary to offset overpayments made in a calendar year before the calendar year of the distribution. The budget agency may reduce the amount of the certified distribution over several calendar years so that any overpayments are offset over several years rather than in one (1)

1 lump sum.

2 (e) The budget agency shall certify an amount that is more than
3 the amount determined under subsection (c) if the budget agency
4 determines that the increased distribution is necessary to offset
5 underpayments made in a calendar year before the calendar year
6 of the distribution.

7 (f) The budget agency shall adjust the certified distribution of
8 the district to correct for any clerical or mathematical errors made
9 in any previous certification under this section. The budget agency
10 may reduce the amount of the certified distribution over several
11 calendar years so that any reduction under this subsection is offset
12 over several years rather than in one (1) lump sum.

13 (g) This subsection applies if the district:

14 (1) initially imposed the improvement tax; or

15 (2) increases the improvement tax rate;

16 under this chapter and the tax or increased rate takes effect in the
17 same calendar year in which the budget agency makes a
18 certification under this section. The budget agency shall adjust the
19 certified distribution of a county to provide for a distribution in the
20 immediately following calendar year.

21 (h) The budget agency shall provide to the treasurer of the
22 board an informative summary of the calculations used to
23 determine the certified distribution. The summary of calculations
24 must include the following:

25 (1) The amount reported on individual income tax returns
26 processed by the department during the previous state fiscal
27 year.

28 (2) Adjustments for:

29 (A) refunds;

30 (B) special account interest;

31 (C) over or under distributions in prior years;

32 (D) clerical or mathematical errors in prior years; and

33 (E) tax rate changes.

34 (3) The balance in the district's special account as of the cutoff
35 date set by the budget agency.

36 (i) One-twelfth (1/12) of a district's certified distribution for a
37 calendar year shall be distributed from the district's account to the
38 treasurer of the board each month.

39 Sec. 10. The district shall deposit the amount received under this
40 chapter as follows:

41 (1) An amount equal to the budgeted annual capital costs as
42 certified by the budget agency in a separate capital account.

(2) An amount equal to the budgeted operating expenses as certified by the budget agency in a separate operating account.

(3) Any part of a distribution remaining after making the deposits required under subdivisions (1) and (2) shall be deposited in a separate reserve account.

Sec. 11. (a) For purposes of this chapter, an individual shall be treated as a resident of the county in which the individual:

(1) maintains a home if the individual maintains only one (1) home in Indiana;

(2) if subdivision (1) does not apply, is registered to vote;

(3) if subdivisions (1) and (2) do not apply, registers the individual's personal automobile; or

(4) if subdivisions (1), (2), and (3) do not apply, spends the majority of the individual's time in Indiana during the taxable year in question.

(b) The residence or principal place of business or employment of an individual is to be determined on January 1 of the calendar year in which the individual's taxable year commences. If an individual changes the location of the individual's residence or principal place of employment or business to another county in Indiana during a calendar year, the individual's liability for improvement tax is not affected.

Sec. 12. If the improvement tax is not in effect during a county taxpayer's entire taxable year, the amount of improvement tax that the county taxpayer owes for that taxable year equals the product of:

(1) the amount of improvement tax the county taxpayer would owe if the tax had been imposed during the county taxpayer's entire taxable year; multiplied by

(2) a fraction, the:

(A) numerator of which equals the number of days during the county taxpayer's taxable year during which the improvement tax was in effect; and

(B) denominator of which equals three hundred sixty-five (365).

Sec. 13. (a) If for the taxable year a county taxpayer is (or a county taxpayer and the county taxpayer's spouse who file a joint return are) allowed a credit for the elderly or individuals with a total disability under Section 22 of the Internal Revenue Code, the county taxpayer is (or the county taxpayer and the county taxpayer's spouse are) entitled to a credit against the county

taxpayer's (or the county taxpayer's and the county taxpayer's spouse's) improvement tax liability for that same taxable year. The amount of the credit equals the lesser of:

(1) the product of:

(A) the county taxpayer's (or the county taxpayer's and the county taxpayer's spouse's) credit for the elderly or individuals with a total disability for that same taxable year; multiplied by

(B) a fraction, the:

(i) numerator of which is the improvement tax rate imposed against the county taxpayer (or against the county taxpayer and the county taxpayer's spouse); and

(ii) denominator of which is fifteen-hundredths (0.15); or

(2) the amount of improvement tax imposed on the county taxpayer (or the county taxpayer and the county taxpayer's spouse).

(b) If a county taxpayer and the county taxpayer's spouse file a joint return and are subject to different improvement tax rates for the same taxable year, they shall compute the credit under this section by using the formula provided by subsection (a), except that they shall use the average of the two (2) improvement tax rates imposed against them as the numerator referred to in subsection (a)(1)(B)(i).

Sec. 14. (a) Except as otherwise provided in this chapter, all provisions of the adjusted gross income tax law (IC 6-3) concerning:

(1) definitions;

(2) declarations of estimated tax;

(3) filing of returns;

(4) remittances;

(5) incorporation of the provisions of the Internal Revenue Code;

(6) penalties and interest;

(7) exclusion of military pay credits for withholding; and

(8) exemptions and deductions;

apply to the imposition, collection, and administration of the improvement tax.

(b) IC 6-3-1-3.5(a)(6), IC 6-3-3-3, IC 6-3-3-5, and IC 6-3-5-1 do not apply to the improvement tax.

(c) Notwithstanding subsections (a) and (b), each employer shall report to the department the amount of withholdings of the improvement tax attributable to each county. This report shall be

1 **submitted to the department:**

2 **(1) each time the employer remits to the department the tax**
 3 **that is withheld; and**

4 **(2) annually along with the employer's annual withholding**
 5 **report.**

6 **Sec. 15. The improvement tax is a listed tax and an income tax**
